PUBLISHED EVERY TUESDAY AND FRIDAY IN THE YEAR.

VOLUME XXXVII

PARIS, BOURBON COUNTY, KENTUCKY, FRIDAY, MAY 3, 1918

IN THE SERVICE OF THEIR COUNTRY.

Lieut. and Mrs. T. H. Nelson, of Ft. Thomas, and Capt. Cook, of Camp Zachary Taylor, have returned to their commands after a visit to Mr. and Mrs. E. C. Cleveland, near Paris.

Mr. Coleman Renick, son of Mr. and Mrs. B. M. Renick, of this city, is now a member of the Canadian Corps, having enlisted in that branch of the Canadian service some days ago, after a successful examination.

Corporal Jos. Mitchell, formerly of Paris, who is now "somewhere in France" in the army service, writes his father, Mr. Newton Mitchell, of this city, that he is in the very best of health and spirits. Corp. Mitchell is in the railroad transportation work, and says he likes it very much.

Reports from Mr. Vance Huffman, son of Mr. and Mrs. W. J. Huffman, formerly of Paris, state that there has been a slight change for the better, and that his condition appears more encouraging. Mr. Huffman is stationed at Camp Sheridan, near Montgomery, Ala., instead of being at Camp Shelby, as first stated.

Mr. and Mrs. Albert S. Thompson, of near Paris, accompanied by Mr. and Mrs. I. C. Haley, of Paris, were at Camp Zachary Taylor the first part of the week, visiting Mr. Alvin Thompson, who is a member of the Dr. Barrow Base Hospital Unit No. 40, now in the camp.

Mr. Maurice Burnaugh, formerly a resident of Paris, and a son of Mr. and Mrs. James Burnaugh, was a member of the detachment of draftees from Lexington, who went to Fort Thomas, Wednesday. Mr. Burnaugh was for some time a member of the reportorial staff of the Lexington Leader. He has also been prominent in theatrical matters.

Kenneth D. Alexander, who recently returned from France where he had been a member of the American Ambulance Corps for two years, has received orders to report to the Boston Aviation School for instruction in aviation. Mr. Alexander volunteered in the aviation corps soon after his return from the battle front and has been resting at his farm in Woodford county while awaiting the call. He is the owner of Escoba, a Kentucky Derby entrant.

With the enlistment in the naval service of the United States of Mr. Jesse Galloway, of Paris, three members of the family of Mr. and Mrs. Grant Galloway, of near this city, are now in the service. Mr. Galloway passed his final examination at Louisville, and was sent to the Great Lakes Naval Training Station. The others in the service are Lieut. Emerson Galloway, now in the Philippines, and Lieut. Finner Galloway, an officer in the 334th Infantry at Camp Zachary Taylor.

Paris and Bourbon county people who contemplate sending mail to members of their families who are now in the service in France are herewith advised that all such mail should have the word "American" written or spelled out in full. Under a recent ruling of the War and Post-office departments it was ordered that all mail addressed to members of American Expeditionary Force in France should have the word "American" written or spelled out in full so that in the address it will appear "American E. F." The new order is deemed necessary in order to distinguish American soldiers' mail from that addressed to the soldiers of expeditionary forces from other countries.

TO HELP IN WAR SAVINGS STAMP SALE.

The school children of Paris and the county schools are boosting the sales of Baby Bonds and War Savings Stamps. There has been great rivalry among the schools as to which shall have the greatest sale of stamps. The standings of the schools will be announced in the future.

The W. C. T. U. of the Seventh Kentucky District has offered its services to Mrs. Clarence LeBus, State Chairman of the Woman's Committees of the War Savings Stamps, to assist her in any way possible in the campaign which was launched May 1. The Seventh District is composed of eight organized unions in Fayette and Bourbon counties.

C. C. Singer, Thos. Singer and C. A. Singer, of Stamping Ground, Scott county, sons and grandson of the late Mr. Henry Singer, formerly of Paris, have each bought \$1,000 worth of War Savings Stamps. Their parents were natives of Germany.

GET IN YOUR COAL ORDERS RIGHT NOW!

It is very important, according to the National, State and County Federal Fuel Administrators, that every one who can do so should put in their coal supply this spring and summer, so as to keep the railroads and the mines at work right along. There is no ground absolutely for the hope that coal will be any cheaper this fall and winter than it is now, and there is a strong probability that it may go higher, and be very hard to get even at the higher price. Put in your order now and get your coal while you can. This is also the advice of local dealers.

FOUR-MINUTE SPEAKERS' CAMPAIGN TO BE RENEWED

Mr. John J. Williams, of Paris, Chairman of the Four-Minute-Speakers' campaign, is in receipt of the following telegram from General Chairman Blair, at Washington, in which a proposition is made by President Wilson in regard to the purchase of Liberty Loan Bonds. The telegram follows:

"Washington, D. C., May 1.

"John J. Williams, Paris, Ky.
"Notify all speakers to make this proposition to all audiences: President Wilson, realizing the vital necessity of increasing number and size of individual subscriptions to Liberty Loan Bonds, says that he has already bought to the limit, but offers to buy one more fifty dollar bond, on the installment plan of seventeen cents daily, and asks how many in all the American audiences will match him for new or additional subscriptions. His offer is being made simultaneously to every meeting in America just as if he were present. Have all your speakers pound this hard at every meeting and secure subscriptions.

"BLAIR."
The campaign in this city will be resumed with renewed vigor by the Four-Minute speakers. Mr. E. M. Dickson spoke to a large audience at the Grand Opera House last night, in which he urged the acceptance of the President's offer as outlined in the message referred to above. To-night County Judge Batterton will speak. A speaker, not yet announced, will be present at the performance Saturday night, and will address the audience.

There is no doubt that many people in the city have not yet purchased at least one Liberty Bond, and many are amply able to do so. They will now have an opportunity to be as patriotic as our President, and to match his individual subscription along the lines he has indicated. The nation must have money to make a successful prosecution of the war, and the people of the country must furnish the money. Let everyone reflect over this, and let all who attend the Grand-to-night and to-morrow night give careful thought to the utterances of the speakers.

FISCAL COURT PROCEEDINGS.

The Bourbon Fiscal Court met in the County Court room in the court house yesterday morning for the May term. Judge Batterton presided, with the following members of the court present: L. J. Fretwell, E. P. Thompson, R. H. Burris, John S. Talbot, A. L. Stephenson, John S. Wiggins, John N. Shropshire, R. O. Turner.

The report of the County Road Engineer was read, and filed. Claims against the county, amounting to \$940.90, were allowed and ordered paid.

The following bids on county turnpikes were accepted by the Court: Leesburg and Newtown pike, May & Anderson, \$12 per rod; Hill pike, May & Anderson, \$12 per rod; Hopewell and Bethlehem pike, Thomas Carmody, \$12 per rod; Greenwell pike, Thomas Carmody, \$12 per rod. It was ordered that the sum of \$100 be appropriated to the Girls' Canning Club. The salary of Roy Turner, Assistant County Road Engineer, was fixed at \$1,400, and the salary of W. H. Current and H. C. Current, truck drivers, fixed at \$75 per month from May 1, 1918.

The following committee, with power to act, was appointed in regard to purchasing new truck for the county: Justices Stephenson, Burris and Fretwell. It was ordered that Dr. H. M. Hamilton be elected County Livestock Inspector at a salary of \$25 per month until Oct. 1, 1918.

It was ordered that the Cynthia and Paris, and Paris and Mt. Sterling turnpikes be completed before work starts on the Maysville and Lexington pike. The bid of Woods & O'Brien on four bridges for \$4,220, was accepted by the Court.

The Court adjourned until June 3, 1918.

MAIN STREET IMPROVEMENT.

Mr. John Mallaney, foreman of the street department of the city of Paris, has begun the work of improving Main street from Tenth to the bridge over Stoner. The work was also started on the other end of Main from Tenth to the Frankfort & Cincinnati railroad crossing, but was stopped by the big tractor breaking down.

The work is being done by a big machine resembling a steel harrow, hauled by a tractor. The harrow tears up the surfacing, which is replaced with new material and rolled smoothly and compactly into shape again, practically making a new street.

WHEAT LOOKING FINE.

Wheat in this county continues to improve in appearance, and if the season continues favorable, this county will have a banner crop of wheat and will do her part in furnishing food for the Allies, and for our army.

Truly, the wheat crop of this section is not a very large one in point of acreage, but it all counts when taken in the aggregate along with the greater acreage in this great land of ours. Let us hope that all other sections will do as well, as it looks like we will, and there will be enough and some to spare.

The German losses have been terrific of late, save the Kaiser's immediate family. Liberty Bonds will help the allies get back of the lines.

NEW SUPERINTENDENT OF CITY SCHOOLS ELECTED AT MEETING.

At a meeting of the Paris Board of Education, held in the office of Mr. R. F. Clendenin, in the First National Bank building, Prof. F. M. Kilpatrick, of Nicholasville, was elected as Superintendent of the Paris schools. The latter resigned his position some time ago in order to accept the presidency of Hamilton College at Lexington.

The new Superintendent was elected for a period of one year, at a salary of \$2,400. The change becomes effective after the close of the present school year in June. Prof. Kilpatrick comes highly recommended as an educator, and as a man possessed of social qualities that will make him a favorite with the pupils and patrons of the Paris schools.

LOCAL COMPANY GETS 100 BARREL OIL WELL.

The Bourbon Oil and Development Company, a local concern, has scored another good well, this one being brought in Tuesday morning on the J. F. Harris farm, on Ross creek, in Estill county, and is good for 100 barrels daily. Location was made for number two, which will be drilled at once. This company has about 150 acres of very promising territory in the Ross creek field, and have an extensive drilling campaign for the summer. They are down 630 feet with their No. 2 on the J. G. Rogers lease in Estill county, and drilling at 553 feet on the L. C. Prichard lease in Elliott county. This same company now has about 150 barrel production daily, and will be selling oil as soon as they install their power and pumps on their lease now being drilled.

CARNIVAL COMPANY COMING

Mr. Wm. W. Dudley, of this city, has closed a deal with the Rubin & Cherry Carnival Co., one of the largest of the kind on the road, to appear in Paris during the week of May 13. The lot belonging to J. S. Wilson & Bro., on Vine street, near their seed warehouse, has been secured for the purpose, and the carnival people will pitch their tents there.

The exhibitions will be given under the auspices of the Knights of Pythias Lodge of Paris, who have agreed to donate a large part of the receipts to the Paris Chapter of the American Red Cross. The Rubin & Cherry Co. travel in a train of fifteen cars, carry 250 people, and a fine military band of sixteen pieces. It is said to be one of the largest and cleanest traveling organizations on the road.

Further publicity will be given through the press of Paris as to the program to be carried out with the co-operation of the Knights of Pythias and the Red Cross.

TROOPS FROM MICHIGAN PASS THROUGH PARIS YESTERDAY.

Two detachments of United States soldiers, eleven hundred men in all, passed through Paris about noon, yesterday, en route from Camp Custer, near Detroit, Mich., to some army camp somewhere in the South. The men came in a special train of nineteen cars, which included one car for the transportation of field artillery. The soldiers detrained at the Tenth street passenger station of the Louisville & Nashville, and one detachment comprising 520 men, marched down Tenth street, to Twelfth, where they gave a patriotic demonstration and drill, then down High street to the court house, where another halt was made. They then marched up Main to Sixth, where they halted again at parade rest, and sang a number of patriotic songs, among them being "We're Going Over There To Catch the Kaiser."

The other detachment, composed of an equal number of men, were left on guard at the train. They proceeded on their way South via Winchester. The men were husky looking lads, and looked as if they realized the seriousness of the affair they were probably going into soon "somewhere in France." They presented a fine military appearance as swung up Main street, eyes front, and every step in unison in correct military style. They marched four abreast, each detachment being made up of sixty-four files of four men each.

MORE BOOKS SENT TO THE SOLDIERS.

The second collection of books for shipment to the army and navy camps has been gotten together by Miss Imogene Redmon, librarian of the Paris Public Library. This will be sent to the State Library Commission at Frankfort from where the books will be distributed.

The number of books up to the present time collected by Miss Redmon will make a total of 2,000, contributed by the people of Paris and the county. They need not stop at that, as many more can be used yet. Send in your books!

RED CROSS WORK IN THE MOUNTAINS.

The interest displayed in the Red Cross in the mountains is as wonderful as it is gratifying. Nearly every one has a close relative in the army or navy, and they have written home telling what the Red Cross is doing for them. There won't be any trouble raising the quotas in the mountains and if the rest of the State will respond as liberally there will be no doubt as to the final outcome. The \$900,000 will be subscribed with thousands to spare.

SECOND DETACHMENT OF DRAFTEES GO TO FT. THOMAS

Following the detachment of thirty-eight men who left Paris, Monday for the army camp at Camp Zachary Taylor, another squad of draftees, called to the colors under the draft act, left Paris, Wednesday morning for Ft. Thomas, where they will go into intensive training to become members of Uncle Sam's National Army.

The men reported to the Exemption Board at the court house at four o'clock Tuesday afternoon. After the roll of names had been called and all were announced as being present, Chairman C. A. McMillan delivered the instructions to the men and announced the appointment of Richard Manning Kirby as captain. Mr. Wade Hampton Whitley delivered a patriotic address to the men. At the conclusion of the address an announcement was made that two young men, Henry Metzger and Wm. P. Quinlan, had asked the Board to send them with the detachment as volunteers, and that their request had been granted.

The boys were guests at a dining Tuesday evening at seven o'clock, given in their honor at the Stout Cafe, by Mr. M. Peale Collier and Mr. N. Ford Brent. Toasts were proposed and responded to, and the men had a general good time among themselves and with their hosts and a few specially invited guests. The boys were provided with a liberal quantity of tobacco, cigarettes and toilet articles, donated by the patriotic citizens of Paris and the county.

At seven o'clock Wednesday morning the members of the detachment presented themselves promptly, and were formed in line of march. Headed by the members of the Exemption Board, Mayor January and others, and under the command of Capt. Richard Manning Kirby, they marched up Main street, to martial music furnished by the Paris Drum Corps, to the Tenth street passenger station of the Louisville & Nashville, where they entrained for the trip to Ft. Thomas. The men composing this detachment were:

709—Ezra Clay Elmore.
713—Henry Herrington.
721—Frank Mullen.
722—Conius Wells.
727—A. J. Burnett.
728—Eldred Burns Richard.
736—Elmer Caywood.
762—Adrian Ramey.
769—Cecil Snapp.
772—Richard Manning Kirby.
790—Jesse Roe.
791—Herman Hill.
797—S. S. Bush.
804—Wm. Lawrence.
808—Howard Oliver.
812—Silas Smith.
833—John Wm. Webb.
843—Robert M. Pollitt.
845—Carl Lenox.
Henry Metzger.
Wm. P. Quinlan.

One hundred and sixteen white and 121 colored draftees are yet left in Class 1 of the Bourbon county selective draft. Subject to call in Classes 2, 3, 4 and 5, without regard to color are the following: Class 2, 18; Class 3, 68; Class 4, 733, and Class 5, 215. It is rumored that another call will be made for men to report to the Exemption Board ready to leave for some army camp on May 10, but no official notice has yet been given out regarding the call.

REAL ESTATE DEALS.

Mrs. Georgia Fithian Webb and Miss Nellie Fithian purchased this week of Mr. Wm. B. Ardery, Jr., the two-story frame residence at the corner of Vine street and Stoner avenue, for a private price. They will make extensive improvements in the place and will occupy it as a home.

Mr. J. C. Nickerson, representing the L. & N. Railroad Co., purchased this week a small frame cottage on Washington street, near the L. & tracks, for \$650. The sale was made through the Paris Realty Co. The cottage will be converted into a section house for the use of employees of the Maysville branch.

Castleman, Riley & Toule, of Cincinnati, sold this week to Rev. R. H. Herrington, of Paris, the Collum farm near Cincinnati, for \$13,000. The farm contains 207 acres, one hundred acres being heavily timbered. Rev. Herrington purchased the property as an investment.

Mr. and Mrs. William Cooper, who are now occupying the Thompson property on Stoner avenue, have purchased the handsome bungalow of Mr. and Mrs. Rollie B. Cameron, at 1520 Cypress street, at a private price. They will get possession of the new home about May 15.

The residence they are now residing in was sold recently by the owners, Lieut. and Mrs. Percy A. Thompson, to Mr. and Mrs. Galloway, of near Paris.

LICENSE COLLECTIONS GOOD

Wednesday was a very busy day for City Collector Wallace W. Mitchell, at the Farmers' and Traders' Bank. The first day of May all licenses fall due, and the office was besieged by a large number whose business required them to have a license. There was considerable demurring and feeling over the increase made in many lines by the Council, but as it was necessary to have the license in order to transact business there was a rush to get in line at the Collector's desk. No licenses were issued for sale of soft drinks containing the legal percentage of alcohol. The first day's receipts by the Collector for licenses aggregated \$2,194.50.

MAN WHO SLEW ARCHDUKE AND STARTED THE WAR DIES

Gavrio Prinzip, the assassin of Archduke Francis Ferdinand, heir apparent to the Austro-Hungarian throne, and his wife at Sarajevo, Bosnia, died Tuesday in a fortress near Prague, of tuberculosis, telegraphs the correspondent of The Hague of the Exchange Telegraph Company, to London.

Prinzip shot to death the Austrian Archduke and his wife while they were on a visit to the Bosnian Capital on June 28, 1914, and out of this double murder the European war developed. Prinzip, who was a student, was found guilty and sentenced to twenty years imprisonment.

Prinzip fired the explosive bullets from a revolver at the Austrian heir apparent, the first striking the Duchess of Hohenberg, the Archduke's morganatic wife, in the abdomen, and the second taking effect in the neck of the Archduke. But bullets caused death within a short time.

Earlier in the day Medeljo Gabrinovic, a typist of Siberian nationality, had thrown a bomb which the Archduke ward off with his arm so that it exploded some distance from his auto. The bomb injured six persons. Gabrinovic was sentenced to twenty years imprisonment. Four other conspirators were sentenced to death by hanging, one to life imprisonment and one to twenty years in jail.

MAYOR'S PROCLAMATION

In accordance with the desire of earnest Sunday school workers and others interested in the success of the Go-to-Sunday-School movement for next Sunday, May 5, Mayor E. B. January has issued the following proclamation:

"Whereas, The Kentucky Sunday School Association, an organization representing all of the Sunday Schools of our State, has appointed May 5, as Go-To-Sunday-School Day, hoping to have one million people in Sunday School on that day; and
"Whereas, We all desire to produce a greater and better Kentucky and believe that one of the most helpful ways of securing better citizens is by gathering ourselves together in the Sunday School to study the Word of God;

"Therefore, I, Mayor of Paris, Kentucky, call upon all of our citizens to co-operate in the Go-To-Sunday-School Day Campaign and urge all visitors who are among us to attend Sunday School on Sunday, May 5, 1918.

"E. B. JANUARY.
"Mayor of City of Paris."

HERE'S SOMETHING OF THE GREATEST IMPORTANCE.

Postmaster General Burleson recently issued an order prohibiting the acceptance for mailing of packages which contained articles not nest at the written request of soldiers with the expeditionary force in France and approved by the regimental or higher officers in command. All packages not in compliance with this order will be returned from the New York Postoffice.

Many of the articles being shipped to the soldiers in parcel post can be purchased by them at the post exchanges or the Y. M. C. A. huts and to ship them from this side will be useless and additional expense. In mailing packages they must be marked, "This parcel contains only articles sent at approval request of addressee, which is enclosed." The written request must be inclosed in the package, or it will not be sent to France.

The following articles can be had at low rates at the Y. M. C. A. huts or post exchanges: Biscuits of all kinds, books, such as French Self Taught, "What to Say," etc., brushes, bouillon, candy, canned goods, cards and catsup, chewing gum, chocolate, cigarettes, cigarette papers, cigars, combs, dental creams, drinks, such as cocoa, grape juice, lemonade and teas, flashlights, fruits of all kinds, handkerchiefs, waters, jam, knives, leather goods, milk, mirrors, nuts, pencils, pipes, razors and blades, shoe polish, shoe soles, soaps of all kinds, sponges, tobacco, towels and woolen gloves.

HOUSE RATIFIES BILL TO DRAFT YOUTHS NOW 21.

The House late Wednesday adopted the Senate resolution for the registration for military service of young men who have reached the age of 21 years since June 5 last. The measure now goes to conference. An amendment offered by Representative Hull, of Iowa, and adopted 119 to 81, provides that men registered under the bill shall be placed at the bottom of the classes to which they may be assigned.

Representative Kahn, of California, ranking Republican on the Military Committee, told the House the proposed new registration would place from 500,000 to 700,000 new registrants available for military service. In that connection he recalled that Germany recently called in to service its class of 1916 consisting of approximately 550,000 men.

NAVY RECRUITING PARTY TO BE HERE TO-DAY.

Chief Gunner's Mate Emmet F. Joyce, of the U. S. Navy recruiting station at Lexington, with his party, will be at the court house to-day for the purpose of receiving applicants for enlistment in the navy.
